MBNMS RAP Interested Parties:

The minutes from the March 17, 1995, RAP meeting and the next meeting's agenda are enclosed with this correspondence. The next RAP meeting is being held on Friday, April 21, 1995, in the California Department of Fish and Game Conference Room from 9 am to noon.

While you are not a member of the RAP, this information is being copied to you for informational purposes. However, you are welcome to attend the upcoming meeting as an observer. If you would like to attend, please call me at the numbers listed above.

Finally, I would like to take a moment to discuss RAP communications with you. There are three means by which I communicate and coordinate activities of the RAP: mail, fax and email. Lately, the RAP has become extremely dependent upon email communications. Every member of the RAP has email, and this process makes it very easy for me to coordinate their activities. If some material contains graphics, or is too long for email, I may fax it to each of the RAP members (since they all have fax machines also). Finally, if some correspondence is too long or inappropriate for faxing, I may mail it to the RAP membership. The bottom line is that many of you do not have email or fax capabilities. If you don't, you cannot be assured of receiving all appropriate RAP correspondence. If you want to be assured of receiving all this info, please arrange for email and fax service and I will be happy to add you to those lists.

Sincerely,

Mr. Aaron E. King
RAP Executive Coordinator
